“What comes into our minds when we think about God is the most important thing about us...”

AW Tozer

The Knowledge of the Holy

“What comes into our minds when we think about God is the most important thing about us. For this reason the gravest question before the Church is always God Himself, and the most portentous fact about any man is not what he at a given time may say or do, but what he in his deep heart conceives God to be like.

“We tend by a secret law of the soul to move toward our mental image of God.”

THE
GOD
WHO
SEEKS

“For most of my life I have struggled to find God, to know God, to love God. I have tried hard to follow the guidelines of the spiritual life—pray always, work for others, read the Scriptures—and to avoid the many temptations to dissipate myself. I have failed many times but always tried again, even when I was close to despair.

SEEKS

Now I wonder whether I have sufficiently realized that during all this time God has been trying to find me, to know me, and to love me. The question is not "How am I to find God?" but "How am I to let myself be found by him?" The question is not "How am I to know God?" but "How am I to let myself be known by God?"

And, finally, the question is not "How am I to love God?" but "How am I to let myself be loved by God?" God is looking into the distance for me, trying to find me, and longing to bring me home."
